WELLNESS WORKS WHEN IT'S CONSISTENT.

Recover • Restore • Live

WHY MEMBERSHIPS?

Best prices - Our Monthly and Weekly Members have access to exclusive members price lists. We want to reward your commitment by making our technologies more accessible. More treatments. More frequently. Achieve results.

Limited Spaces - we cap how many memberships are available to ensure sufficient capacity for all our amazing members to access their favourite treatments regularly. Once at capacity we operate a waiting list.

Flexibility - our memberships are not limited to any one treatment. Your exclusive member prices are available for all our treatments! And there's so many more to come...

Results-oriented - we help our members to find the right routine and combinations for their short and long term goals. Powered by best prices, the world's top of the range machines and long opening hours (9am - 10pm). We want you to succeed in your journey.

Share & Care - Members can share their exclusive prices with friends and family up to 4 times per month. Whether you'd like to surprise someone with a gift card or spend a day relaxing with your bestie. Bring a friend is very popular.

Minimum commitment - both our monthly and weekly memberships minimum commitment is 4 months.

Zero Fee. Only Commitment - 100% of your membership payment goes directly into your account as credit to use towards treatments of your choice. If you miss a few weeks, your membership credit will accumulate in your account and you can use it at a later date. As long as you have your membership active, you can use the exclusive member prices.

MEMBER PRICING VS STANDARD PRICING
